QUIET BEFORE STORM BROODS OVER RUSSIA

Douma Dissolved and New Election Is Ordered, But House Issues Manifesto.

TROOPS PATROLLING ST. PETERSBURG

HUNDREDS

ENJOYED CONCERT AT VEISER PARK LAST NIGHT.

Entertainment Was Enjoyable and People Walked Under Trees—Need Light.

Hundreds of people attended the concert given at the county court house last night by the Paducah Military band, employed by the county officers. The court yard was decorated with strings of Chinese lanterns stretched between trees, while the band played on the roof under the electric lights.

The music was thoroughly enjoyed but, perhaps, might have been more so, had the band been on the ground. However, the music had to be located with regard to the lighting facilities at hand. The crowd strolled around the park, keeping strictly to the walks.

Veiser park, as improved by Judge Lightfoot, presents a beautiful appearance day and night, the only drawback being the darkness at night. Some are lights should be placed at the corners.

If the general council will install light, Judge Lightfoot says he will place benches under the trees.

QUARREL PREVENTED WEDDING

Lovers Could Not Agree as to Furniture Necessary for Housekeeping.

Manfordsville, Ky., July 21.—A few days ago a young couple from Paducah, this county, came here for the purpose of getting married. They stopped at a hotel for dinner, and while waiting for the clerk to return to his office they began discussing what furniture was necessary to purchase for housekeeping. A misunderstanding arose, hot words followed and the young lady declared the wedding off. A reconciliation could not be effected, and they returned home in a state of single blessedness.

OVER \$100,000,000

Estate of Russell Sage Will Show Many Surprises.

New York, July 24.—Col. J. J. Schoon and Charles W. Osborne, brother-in-law and confidential man, respectively, of the late Russell Sage and co-executors of his estate, with Mrs. Sage, were in conference with the legal representatives of the Sage estate today. Mr. Sage's will will probably be probated shortly after the funeral. A former business associate of Mr. Sage expressed the opinion that the estate would aggregate well beyond \$100,000,000 and that the will would contain many surprises.

BODY MADE OVER

By New Skin Grafted in Hundreds of Places.

New York, July 21.—One of the most remarkable skin grafting operations known to surgery has been accomplished in the case of George S. Kirby, of No. 59 Gates avenue, Brooklyn, who has had one entire side of his body made with 414 pieces of skin which was grafted on him. The pieces were one-quarter of an inch in diameter, so that nearly three square feet of skin have been grafted on his body.

NINE ARE DEAD

And Many Injured as Result of Wreck in Washington.

Spokane, Wash., July 21.—At least nine lives were taken and possibly fourteen or fifteen injured in a disastrous wreck on the west-bound Great Northern flyer, near Elk, Wash., this evening.

with scythes and pitchforks but have made a brave stand before the troops, only to be shot down by the soldiers. The casualties to date reported exceed 500.

Douma Members Arrested.

Viborg, Finland, July 24.—News reached here that two members of the dissolved douma were arrested. One of the victims is described as a priest. The other is a Cossack deputy.

Outbreaks At Odessa.

Odessa, July 21.—Anti-Jewish outbreaks have begun here. A half dozen Jews have been killed and greater disorders are feared, as the Black Hundreds are distributing incendiary proclamations in the streets. Cossacks continue to plunder houses and shops in the Jewish quarter.

CARS TIED UP

SOUTHERN PACIFIC HAS SEVEN THOUSAND AT FRISCO.

Twenty Per Cent of Its Available Rolling Stock Out of Use—Orders to Stop Freight.

San Francisco, July 24.—As a result of the great blockade the Southern Pacific has given orders to send no more freight to San Francisco until that already there is unloaded. Seven thousand cars, 20 per cent of the available equipment of the company, is now tied up on the sidings near city.

KILLED OVER A GRAVE.

P. G. Smithson Under Arrest for the Crime.

Nashville, Tenn., July 21.—The finding of the body of Jesse Jackson in the cemetery of Mount Carmel church, fifteen miles south of Frankfort, Tenn., Sunday and the subsequent arrest of P. G. Smithson of Mount Carmel, brings to light a sensational murder. Jackson, it appears, was engaged to marry Smithson's 15-year-old daughter, and the latter declared the pair should never wed. At a festival in the neighborhood Friday Smithson and Jackson got into a fight, and later in the evening two shots were heard in the cemetery. No one paid any attention to the shots until Jackson's body was found lying across a grave. Smithson is under arrest, and the dead man's betrothed is prostrated.

TERRIBLE STORM

Does Incalculable Damage in Four Counties.

Mt. Sterling, Ky., July 21.—The storm did heavy damage in Montgomery, Nicholas, Bath and Bourbon counties Monday. Houses were unroofed and trees and fences blown down and fields of corn and oats leveled to the ground. Tobacco was beaten and cut to pieces by the hail. Wheat and rye were ruined. The opera house and high school building at Parla were unroofed.

PICKLES AND VINEGAR

Diet of Acids Causes the Death of St. Louis Girl.

St. Louis, July 24.—A long continued diet of principally pickles and vinegar in the hope of reducing weight caused the sudden death of Miss Anne Gross, 25 years old. A post mortem examination today revealed that the inner walls of her stomach were almost completely eaten away. The girl dropped dead while taking a drink of water.

Whole Army Moving.

Washington, D. C., July 24.—Without attracting much attention, probably because the movement is general and covers such a wide extent of territory, for the first time since the civil war almost the entire army of the United States is on the march. Frequently large bodies of troops have been moved in this way and during the Spanish war the entire army was moved, but in that case nearly all the men were entrained. In the present case they are concentrating at the seven big maneuver camps where the regulars and militia-men are to train together.

FRISCO SCHOOL OPEN.

San Francisco, July 21.—The public schools have reopened. All are well attended. As nearly 30 school buildings were destroyed 60 schools in other districts are overcrowded. The registration is about 60 per cent of that before the earthquake.

CITY POLITICS IN ACUTE STAGE

A Hot Fight For City Judge Among Democrats.

Primary Probably Will Be Held Early in September—Committee to Meet Soon.

THREE CANDIDATES NAMED.

Politics of a virulent type has become epidemic in Paducah and especially in the prevalent Democratic quarters. The time for thoughts of primaries and conventions is drawing nigh, but the police court squabble, following the death of the late Judge Sanders, has precipitated a fight all along the line with the judgeship, of course in the center.

This fall there will be a police judge, six councilmen, four aldermen and seven school trustees to elect. No county officers become vacant. The death of the late Judge D. L. Sanders, created a vacancy on the police bench and David A. Cross, Squire C. W. Emery and E. H. Puryear, the incumbent, are supposed to be active candidates. All the other retiring officers are Republicans and naturally the Democrats are holding back to see who they have to run against before standing for the nomination.

The retiring aldermen are O. B. Starks, E. E. Bell, John Farley and W. T. Miller.

The retiring councilmen are McHroom First ward; Oehlschlaeger, Second ward; Kelt, Third ward; Katterjohn, Fourth ward; Hill, Fifth ward; Barnett, Sixth ward.

The school trustees whose terms expire are: H. Galtman, First ward; H. F. Williamson, Second ward; W. H. Pletcher, Third ward; P. Berkenbach, Fourth ward; L. Petter and W. T. Byrd, Fifth ward; J. S. Trounman, Sixth ward. Trustee Hyrd was declared disqualified and unsworn. He was then elected by the board to fill the vacancy until a regular election.

Democrats Preparing.

It is usual for the city Democratic organization to hold a primary and in order to do this the date must be set for some time before September 24, Chairman W. A. Berry, of the executive committee, said this morning that he will call the committee together about August 1 for the purpose of deciding whether to hold a primary or convention and of setting the date.

From the animated manner in which the scrap over the city judgeship has been progressing the last few days it is evident nothing short of a primary will settle the trouble to the satisfaction of all hands.

D. A. Cross was the choice of the politicians around the city hall. He has been a straight party man and a worker in every campaign. For this reason his political friends thought he ought to have the place. Mayor Yeiser picked out Puryear and despite the protestations of many of his own political friends named him.

The latter if he makes the race will make it on his record during his short tenure. He has been creating consternation among malefactors and has won the approbation of the better class of citizens by his course. It is yet a question whether he will stand for the nomination.

Cross' friends immediately after the appointment was made circulated a petition among business men and others requesting Mr. Cross to make the race for nomination. This petition passed down Broadway last week.

Magistrate Emery will have the influence of the county crowd of politicians and office holders behind him, so the public is promised an exciting little contest this fall even if there are no big offices for the stakes.

REVERSE PRECEDENT.

Woman's Portly and Man's Weakness Shown at Fulton.

Fulton, Mo., July 24.—The jury in the murder case of Mrs. Edmund Bailey, charged with being an accessory to the killing of Jay Lawder, whom her husband shot dead, today returned a verdict of acquittal after having been out forty hours. Bailey was acquitted on Saturday. When the verdict freeing Mrs. Bailey was read, she and her husband clasped hands and both thanked each member of the jury. They left the court house together. Bailey, an employee in Lawder's coal mine, shot Lawder dead up

on learning of the intimacy existing between Lawder and Mrs. Bailey. The reading of the sensational letters written to Lawder by Mrs. Bailey was a feature of the trial.

AWFUL EXPLOSION

In Powder House Kill Four and Injure Five Miners.

Mount Union, Penn., July 24.—Four men were killed and five injured today in an explosion of a powder and dynamite house belonging to Jesse O. McClarin, near Robertsdale, Huntingdon county. A number of miners went into the powder house after their usual supply of explosives and a moment later the whole place was blown to pieces. The cause of the explosion is not known.

DRAGO DOCTRINE

BHUNG CONSIDERED AT PAN-AMERICAN CONFERENCE.

To Prevent Creditor Nations Enforcing Claims By War Ships—Meeting at Rio.

Washington, D. C., July 24.—In a secondary place in the program of what is destined to be one of the most pregnant of international gatherings—the third conference of the American republics—is set down the Drago doctrine so named after its exponent, Dr. Luis M. Drago, a learned publicist of Argentina.

Reduced to its simplest terms, this doctrine is a declaration that no nation has a right forcibly to undertake to collect debts owing to its citizens by another nation. And the proposition before the Pan-American conference, which it is asked to submit to the great Hague tribunal, is to what extent, if at all, the use of force is justifiable in the collection of such debts. Naturally, the question thus propounded is of the most vital interest to every debtor nation, and most of all to the practically defenseless republics of South and Central America.

OVERHID EIGHT TIMES.

Enormous Sum of \$250,000,000 Offered for Canal Bonds.

Washington, July 24.—It is announced today at the treasury department that the Panama canal bond issue bids for which were opened last week were over subscribed eight times. The total amount of bids just established reach the enormous sum of \$250,000,000.

TO THE POLE.

Wellman Says He Will Not Fall to Sail in August.

Christiania, July 24.—Mr. Wellman at Tromsø positively denies the rumors that he will not attempt his flight to the north pole this year. He hopes to succeed in August, and says that although he has had many warnings, he has not lost faith in the success of his plan.

ENGINE HITS BUGGY

At Streator, Ill., Killing One Man and Injuring Two Women.

Streator, Ill., July 24.—R. C. Mattoon was killed, Mr. Ollie Moreland fatally injured and Miss Bell Mattheus badly hurt when a buggy in which they were riding was struck by an Illinois Central switch engine last night.

Another Company Withdraws.

San Francisco, July 24.—The Milwaukee Mechanics Insurance company has withdrawn from California, and given notice to its agents to cease writing business here. The company's loss in the fire, which it intends to pay, amounts to about \$1,500,000.

Hog Sold for \$4,000.

Independence, Mo., July 24.—At the hog sale of James Qurolla today, Lord Bacon, a Berkshire hog, reared by him, sold to F. W. Morgan, of Bolivar, Wis., for \$3,000. Lord Bacon is a son of The Masterpiece, which sold a year ago for \$1,000 and later sold for \$2,500. The hog sold yesterday is a yearling.

OPENING CAMPAIGN.

Georgetown, July 21.—Governor Beckham spoke at the fair this afternoon, opening his senatorial campaign in central Kentucky. Senator McCreary, Beckham's opponent for United States senator will speak here tomorrow.

SEVEN STORIES HIGH WILL BE STRUCTURE

Paducah's First Tall Building Will Be Erected at Third Street and Broadway.

PLANS OF THE FIRST NATIONAL BANK

By a deal just consummated in which the First National bank acquires title to the property on which it is located, Paducah is promised her first skyscraper.

Today it closed a trade for the two buildings at the southwest corner of Third street and Broadway, the one now occupied by its banking quarters, and the one adjoining, of which Dr. W. V. Owen, of the city, and Phil Johnson, of Florida, are joint owners. The consideration was \$24,000. The property fronts 60 feet on Broadway, extending back along Third street 50 feet.

The deal was made through E. G. Boone.

When seen today for a verification of the sale, President Robert L. Reeves said: "Yes, we have purchased the property and are now considering plans for the erection of a new building at an early date. We have not decided anything definitely about the plans, but are considering a seven to ten story steel structure—an office building in the modern sense of the word. The papers in the trade have all been signed, but, as you can imagine, it will be some time before we decide on just what we shall do."

The property is on one of the best corners in Paducah, and has been occupied by the first national bank many years. It is an ideal site for an office building, as the location will always be good.

The First National bank is one of the best banking institutions in the south. With a capital of \$100,000 it has undivided profits and a surplus of over \$125,000, and for years has paid dividends at the rate of 14 per cent a year. The stock is quoted at \$240.

Another Skyscraper.

The announcement of this sale reveals the plans of another of Paducah's banking institutions which may be consummated at any time now—the erection of a modern building on the northeast corner of Fourth street and Broadway by the City National bank. All the property from McPherson's to Wolf's jewelry store belongs to the bank, and at the expiration of some of the leases, which have a few years yet to run the bank proposes to erect an office building and occupy the ground floor.

Paducah, the town, is gradually growing into Paducah, the city. It is said when a town has a skyscraper building it has come into its own as a city, and as Paducah, by developments today, is promised a skyscraper at an early date it can now be classed as a city.

FIFTEEN INDICTMENTS.

Grand Jury Getting After Ice Men in Chalmers.

Cincinnati, O., July 21.—Fifteen indictments on charges of restraint of trade in the matter of advancing the price of ice were returned today by the grand jury. Ten individuals and five firms were indicted, all being members of the Ice Dealers' Exchange. Those indicted are members of the exchange who attended a meeting on May 30, when a general advance in price was decided on.

DEATH ON TRISTLE.

Met by Woman and Daughters Knocked in Water.

Watertown, S. D., July 24.—Mrs. Gus Berndt and two daughters, Ella and Ida, aged 7 and 9 years, were run down by a Rock Island train on a trestle near White today and killed. The bodies were thrown fifty feet into the water and were later recovered.

Fair tonight and Wednesday warmer.

The highest temperature reached yesterday was 88 and the lowest today was 60.

ONE DOLLAR

TO BE SUBSCRIBED TO CAMPAIGN FUND.

Decision Reached at Conference of President and Committee of Congressmen.

New York, July 24.—Representative James Sherman and his associates on the Republican national congressional committee have decided to appeal to Republicans to contribute \$1 each to the campaign fund. In pursuance of this policy the committee will begin today the mailing of letters to Republicans in all sections of the country asking them to contribute \$1 each. Asked if an appeal to individual Republicans for subscriptions had ever been sent out before Mr. Sherman replied that he had never known of its being done before.

WERE NOT EXPECTING HIM.

Fulton Man Finds His Wife and Brother and Tries to Kill Them.

Fulton, Ky., July 24.—Going home at an unexpected hour Porter Wright, a grocer, found his brother in his wife's room. Wright had become suspicious of his brother's attentions to his wife and watched the couple. Returning home unexpectedly last night he found the man and woman together. Wright burst in upon the pair, and not having anything else to strike with he betadored his brother over the head with a chair until the latter bent a hasty retreat.

WENT TO THE BOTTOM.

Did Thirty-five Persons on Scow But All Were Saved.

Iron Mountain, Mich., July 24.—Thirty-five persons, men, women and children, went down in 12 feet of water with the scow at Spread Eagle late yesterday during a storm. Launches and steamers went to the rescue and all were saved, although several were taken unconscious from the hull. Passengers on the ill-fated scow were members of a picnic party.

CHILD OF 11 IS A "DOPE FIEND."

Boy Begs for Cocaine, Drinks Whisky and Smokes Cigarettes.

Evansville, Ind., July 24.—The youngest "dope fiend" on record was taken into custody by juvenile officers here today in the person of Vincent Gorman, 6 years old. The child begged for cocaine after being taken from his mother, who is held to be unfit to care for him. He also uses morphine, drinks whisky and smokes cigarettes. His father is in jail.

BURIAL OF LADY CURZON.

Attended by Ambassadors and Many High Politicians.

London, July 24.—A memorial service in honor of Lady Curzon was held at St. Margaret's, West Minister, simultaneously with the burial of the former vicereine of India at Kedgeston. The service was attended by leaders of both political parties as well as Whitelaw Reid, the American ambassador, and Henry White, United States ambassador to Rome.

Substitute Killed.

Fort Worth, Tex., July 24.—Engineer Henry L. Deason, who was married at Temple last night, owes his life today to the ceremony which caused him to take a temporary lay-off. The night of his wedding he sent out a substitute and his engine was smashed in a collision and the substitute and fireman were killed.

Yesterday's Results.

Paducah, 5; Jacksonville, 4.
Danville, 2; Cairo, 0.
Mattoon, 6; Vincennes, 0.

Today's Schedule.

Paducah at Jacksonville.
Cairo at Danville.
Vincennes at Mattoon.

Jacksonville, Ill., July 24.—Big Freddie Miller got in some mighty tight places yesterday but managed to pull out before disaster came. He allowed eleven hits and some of them were well bunched. Hard and desperate fielding kept the runs down, the Indians playing a star game all around the field.

Perry is now in the game again and is playing fine ball. His finger seems to have healed entirely, and he has little trouble on the infield. It looks like the rest has done him good.

The score: R H E
Paducah..... 5 5 0
Jacksonville..... 4 11 3
Batteries—Miller and Johnson; Akers and Belt.

Hoosiers Shut Out.

Mattoon, Ill., July 24.—The Hoosiers gave the Vincennes a goose egg social yesterday on the home grounds. The visitors were unable to get a man past third base and the scores of the locals were made on errors, the Hoosiers making six misplays.

The score: R H E
Mattoon..... 0 6 1
Vincennes..... 0 4 6
Batteries—Moore and Johnson; Chasault and Mattoon.

Cairo Gets Shut Out.

Danville, Ill., July 24.—Today's battle was one between pitchers, and the honors were even. Holycross was in excellent condition and, while Way yielded one hit fewer, the Cairo aggregation failed to bunch for a score. Two errors for each team were marked down, the Danville scores being made with the assistance of errors.

The score: R H E
Danville..... 2 6 2
Cairo..... 0 7 2
Batteries—Holycross and Ott; Way and Quessier.

Other Fellow's Girl.
Charles Lawson, colored, is under arrest and the police are looking for two other negroes, Wes Armstrong and Will Wally, whom Lawson attacked on him in the neck. Lawson was accompanying a sweetheart of one of the two negroes, he claims, and when he was returning at Third and Jefferson streets, he was attacked by Wally and Armstrong.

Minneapolis Lacks of Appetite.
The Old Standard Groves' Tasteless CHILL Tonic drives out malaria and builds up the system. Sold by all dealers for 27 years. Price 50c.

FIRST WIRELESS.

Message From the Arctic Regions Sent "Roosevelt" by Wellman.

Oyster Bay, L. I., July 24.—A dispatch was received by President Roosevelt today from Walter Wellman who is at the head of the Wellman-Chicago Record-Herald expedition. The dispatch was dated at Hammerfest, July 21, and reads: "Roosevelt, Washington: Greeting and best wishes by the first wireless message ever sent from Arctic regions."

For a Violent Assault.
Van Wert, O., July 24.—Ed Croue, an employ of Hephurn Bros. livery barn, is held under \$500 bond on the charge of striking Policeman George Spahr with a buggy stalk, while the officer was following a man suspected of violating the Sunday saloon closing law. Spahr received a serious wound.

Women Attack Judge.

Louisville, Ky., July 24.—Infuriated by a decision dismissing Miss Minnie Reynolds, who had been arrested for disorderly conduct, twenty women now at Judge Schwaninger of the city court in Jeffersonville today, pulled his hair, scratched his face and threatened worse things. Court attaches hastily summoned the police and the battered judge was pried loose from his tormentors.

Miss Reynolds has been at war with her neighbors and the twenty women had appeared as witnesses against her. They say the decision is a direct reflection upon their truthfulness and that the judge was unduly influenced because the defendant is pretty and put up a demure front in court. Anyhow, they argue, with twenty witnesses against her, she should have been fined.

Worst Place in England.

London, July 24.—In an address to the committee on housing of the working classes Alder Haggard told this week of a village in Essex, near Waltham, which he had discovered the worst place in England. He found twenty men working on a farm, but could see no cottages. Ultimately he was shown a brick shed about 14 feet long, looking like a wagon house. It had no windows. Sacks were laid on the floor round the walls, and there the twenty men slept. A hundred yards away was an elm tree on a hill. There he found the ashes of a fire, and a rod to hold a pot. This was the dwelling place—the kitchen and the parlor of the twenty men. Winter and summer they did their cooking and spent their Sundays under the tree.

Rescues Brother From Panther.

Fort Worth, Tex., July 24.—With a panther chasing her and trying to take her little brother out of her arms, a young daughter of Bud Maya, of Burnett, fled swiftly to the family residence and kept up her courage until she was in the house with the doors barred. The boy was playing near the house when attacked, and the heroic sister ran to his assistance. Her appearance induced the animal to leave the boy, and she gathered him up and made a run for home, the vicious beast accompanying her and trying to take the child out of her arms. After reaching the house, the animal made the neighborhood hideous with its screams, but finally returned to the adjacent mountains, leaving the heroine and her little brother safe.

Hids for Garbage Contract.

In accordance with a resolution passed by the city council of the city of Paducah and approved by the mayor July 12th, 1906, the undersigned have been appointed a committee to receive bids for the collection and delivery at the garbage dump, foot of I. C. incline, during the months of August and September of all garbage and refuse matter of any kind, all such work to be done under the general supervision and control of the board of health and in accordance with the above mentioned resolution.

South Sea Island Costume.

Princess Clementine, mother of the prince of Bulgaria, said one day to her sailor brother, the Duc de Joinville: "Bring me on your next trip to the South Seas the complete costume of a king's wife." "I will gladly," the duke answered. He returned from the South Seas a year later and handed to his sister a string of glass beads.

Street Railway Strike.

New Bedford, Mass., July 24.—Over 600 motormen and conductors, some of whom are not members of the street railway union, struck today. The service is crippled. The principal point at issue is recognition of the union, which the company absolutely refused.

Three Words.

Miss Ellen Terry has written the following letter to the students at the Leeds Dramatic college: "I have been asked to say a word to you. If I say one word it will be 'Work.' If I were two words I should say 'Be patient,' and if it were three words, 'Don't be vain.'"

COLORADO INSTITUTE

Is in Progress at Lincoln School Building.

The Colorado County Teachers' Institute is in session at the Lincoln school, Eighth and Ohio streets, and there are about 15 teachers in attendance. The institute is being conducted by Prof. J. C. Jackson, colored, who is an applicant for the position of principal at that school to succeed E. W. Benton, resigned. J. S. Billington, county superintendent, intended to conduct the institute but secured Prof. Jackson at the last moment.

The West Kentucky Coal company and others against steamer Mary M. Michael.

Whereas libels were filed in the district court of the United States, for the western district of Kentucky, at Paducah, on the 21st and 22nd days of June, 1906 by the West Kentucky Coal company, and Mississippi Valley Marine Railway and Dock company against the steamer Mary M. Michael, her engines, tackle, apparel and owners, alleging in substance that said steamer Michael was indebted to them in the sum aggregating \$1,609.28 for fuel repairs, etc., and that same has never been paid, and prays process against said steamer Mary M. Michael and the same may be condemned and sold to pay said claims, with cost and expenses.

Now, therefore, in pursuance to the motion under seal of said court to me directed, I do hereby give public notice to all persons claiming said steamer Mary M. Michael, or in any way interested therein, that they may be and appear before the district court of the United States in the city of Paducah, Ky., on or before the 6th day of August, 1906, at 10 o'clock a. m., of that day, then and there to interpose their claims and to make their allegations in that behalf.

Fully Covered.

A Pike county girl married a guide and the day after the wedding the guide took out a life policy for \$1,500. Then, with his wife, he started for Porter's Lake with a party of sportsmen, the wife to cook and wash dishes, the man to clean fish and so on. Unfortunately, the young guide was bitten by a rattlesnake one morning, and a few days afterward he died. The widow notified her family and friends of his death in a note that said: "Will parast awny ylsty. Loss fully covered by insurance." — Argonaut.

Kills His Wife.

Charles D. Schmidt, jealous of his wife, yesterday shot and killed her at Helena, Mont., and turned the gun on himself, but was only wounded.

Demand For Clean Food.

One American Product Everybody Knows Is Pure and Clean.

Clean food to eat and drink is as desirable as pure food. Unclean food can never be healthful—neither enjoyable. Nothing can so quickly steal away one's appetite or destroy the enjoyment of a pleasure—be it eating or drinking—as the mere thought, perhaps it is not clean. In these days of much agitation as to clean and unclean food we are often at a loss what to eat and drink. There is a sense of distrust of what is set before us. "Is it clean?" That is the question we ask ourselves and its very asking turns us away.

It is the method of "handling" in the manufacture of a food product that makes it clean or not clean. Pabst beer is not "handled." It is manufactured from the purest materials by the most scrupulously clean machinery by the exclusive Pabst method of brewing, which is most exacting in its cleanliness.

Pabst beer is a clean, wholesome food and the Pabst brewery is a model of cleanliness. No other food factory in the world can show such a record of cleanliness in the process of manufacture as the mammoth Pabst brewery, where the famous Pabst Blue Ribbon Beer is made and bottled. From brew to bottle or keg Pabst beer is never touched by human hands; it never enters tube, pipe or storage tank that has not been perfectly sterilized beforehand, and, in fact, in its entire process of manufacture it never comes in contact with anything but sterilized utensils and pure filtered air.

When you pour out a glass of Pabst Blue Ribbon Beer you know you have a food that is clean and pure and wholesome. You will not distrust it. You will not ask "Is it clean?"

WITH HIS ORATORY BRYAN STIRS THEM

Speaks Before Interparliamentary Convention.

Russian Delegates Withdraw and Are Cheered by Their Colleagues in Assembly.

EXTENSION OF ARBITRATION.

London, July 24.—William Jennings Bryan was one of the principal speakers at this morning's session of the inter-parliamentary peace conference and incidentally through his eloquence, was instrumental in inducing the conference to adopt a resolution recommending the extension of arbitration in the settlement of international disputes. Bryan was the recipient of a great ovation. Following his address there was an impromptu suspension of business while the delegates crowded about the American orator and congratulated him.

London, July 24.—The fourteenth conference of the interparliamentary union was opened in the Royal Gallery of the palace of Westminster. Adherents of international peace from all the parliaments of Europe, as well as several of those of the western hemisphere, were present, but hardly had the conference opened when, amidst a scene of considerable excitement, Prof. Maxim Kovalevsky, a member of the lower house of the Russian parliament, announced that he and his colleagues, representing until yesterday the youngest parliament in the world, would be obliged to withdraw in consequence of the dissolution of the body they were officially appointed to represent.

Lord Weardale (Sir Philip Stanhope) opened the congress, his preliminary sentences of welcome being specially addressed to the Russian delegates whereupon the delegates rose in a body and turning toward the delegation of the late parliament, cheered them to the echo.

Premier Campbell Bannerman, in reply, reminded his hearers that King Edward had always been a great advocate of peace.

Married at Metropolis.

Mr. Charles Smith, of Valentine, N. B., who is employed as a helper in William Morgan's blacksmith shop and Miss Dora Smith, of Hot Springs, Ark., were married yesterday in Metropolis. The young couple met in Hot Springs several months ago and the wedding was arranged by correspondence. Miss Smith arrived at Fulton at night and was met by the groom accompanied by Mr. and Mrs. Robert Honnig. In the morning they drove to Metropolis and were married. They returned at noon. They will reside here.

The Last Lecture.

The Rev. Joseph will deliver his last lecture this evening in the Cumberland Presbyterian church, at 8 p. m. His subject is: "The Spread of Mohammedanism Among the Christian Nations." The lecturer will wear a costume like that worn by the Kurds of Mount Ararat, where the ark of Noah rested after the flood. He will intone the Koran just as the priest does in the mosque.

NATIONAL CIGAR STANDS

In A Friendly Spirit

National Cigar Stands are organized, not for war, but for business. This is not a temporary price-cutting. The druggists who conduct National Stands have no quarrel with other retailers, jobbers or middlemen. They have simply adopted a new, common-sense way of conducting their cigar business which has proved successful only because it was right. And it is right because its effect is to give

Cigars of Better Quality and Better Condition for Less Money Than Ever Before

Here is the proof—a few of the thirty brands produced by the National Cigar Stands Company especially and exclusively for the 3000 druggists who compose its outlet. Test any of these and compare them critically with anything that you have ever obtained at the same prices.

The only stores where these brands are sold can be distinguished by the National Cigar Stands' emblem (a miniature Capitol) in their windows.

Cuba-Roma—Clear Havana; as good as was ever bought at 3 for 25c.	5c
Black & White—Seed-and-Havana; usual 3 for 25c, grade	5c

DESPERATE FIGHT AMONG FEUDISTS

**Jerry Little, Shot Twenty-
Seven Times, Recovered.**

**Apparently Dead Man Wipes Blood
From Eyes and Shoots His
Antagonist.**

JIM HARRIS TELLS STORIES

Lexington, Ky., July 24.—Judge James Hargis, of Breathitt county, who, with Ed Callahan, his trusted lieutenant in the feud troubles in Breathitt county, has just been acquitted at Beattyville, Lee county, on the charge of assassinating James B. Marcum, was in a story-telling mood recently, and said:

"Did I ever tell you of the terrible fight Jerry Little had with Hiram and Curt Jett, Sr., during the Jett-Cockrell-Little feud, about twenty years ago? Curt Jett, Sr., was the grandfather of Curt Jett, who is now in the penitentiary for the killing of Jim Marcum, and who is my nephew. There had been many killings during the feud, and men on all three sides were busy looking for each other. One day old man Jerry Little came to Jackson and walked down the street. A pistol fired by Curt Jett cracked behind him, and the bullet split Little's arm open from the elbow to the wrist. Little turned, at the same time drawing his pistol, when another bullet struck him in the back, passing entirely through his body. This took all the fight, apparently, out of him, who ran to a point near where our store now is in Jackson, and fell behind a stump that was there then. He lay there, apparently dying, when Hiram Jett ran up and fired a charge from a shotgun into his face and shoulders.

Little Was Lively.

"This seemingly killed Little, and Hiram Jett fired the other barrel of his gun in the air. As he turned to leave his apparently dead enemy Little seemed to recover from the shots. He pulled out his handkerchief, wiped the blood from his eyes, drew his pistol, took desperate aim at Hiram Jett and sent a bullet through Jett's thigh breaking it as Jett fell, and Little sprang from his refuge and ran into the Kentucky river, pursued by old man Curtis Jett, who fired at him with a pistol every time he jumped. Little swam across the river, wounded as he was, and fell behind a log on the opposite side of the river, where he lay for several hours, until one of his clansmen came along and found him lying there.

"Jett and Little had exchanged many shots during the meantime, but it was never known how many times Little was struck during the deadly firing. But when the physicians dressed his wounds there were 27 of them. This was about 1879, and a few years later the Jett-Cockrell-Little feud continued, Little was shot through the body from ambush. He recovered from this wound, too, as he had from the 27, and went on his way.

"In 1889 Little went to a mountain in Breathitt county to cut out some timber. In cutting a tree into logs one of the logs rolled over him and killed him instantly. Thus died the man who had been shot 28 times and recovered, only to be crushed in death by a log."

The Form—The Tinley Girl—
"But what makes you think she's been used to good society?" The Brassy Woman—"Well, dear, if you notice she always says 'Thank you' to the servants, and when she kisses you she never makes you feel as if she meant it."

If the piper demanded his pay in advance many a gay dance would remain undanced.

NEWS OF KENTUCKY

Reunion of Morgan's Men.

Louisville, Ky., July 21.—The reunion of Morgan's men will be held at Park Hill, Nicholas county, August 14 and 15. Of the 5,000 who composed the immortal band about 1,200 are left. The reunions are unique in that they are reunions in every sense of the word. The veterans meet in a sequestered spot where they spend two days, free from the intrusion of outsiders living over the days of the war and hearing how their comrades have fared.

Huddled by Mother's Body.

Harrodsburg, Ky., July 21.—Corde Salles, aged 13 years, leading her 8-year-old brother by the hand and both drenched to the skin, walked into town Saturday morning, and the girl told her uncle, William Carter, and other relatives that her mother, Mrs. Salles, was lying dead behind a fence a mile from town. The coroner was notified. He went at once to the place designated and found the woman by the side of the road, with the remainder of her children, four in number, huddled beside her dead body.

Lightning's Work.

Louisville, July 24.—One man was instantly killed and five others injured, two seriously, when lightning struck a hayshed on the Caperton ranch, seven miles south of Louisville, on the Third street road, at 10 o'clock this morning.

A CAIR FROM DANVILLE

Some Pointed and Seasonable Comments on the Speaker.

Speaker Cannon is said to have said that "this country is a place of future punishment for the wicked of a success." We translate and interpret his language out of sulphurous Cannonese for the benefit of ears polite. Mr. Cannon as "cair" is also much of a success, but there have been plenty of murmurings and little insurrections in the house. And John Sharp Williams has found frequent occasion to toss his martial topknot and rouse the applause of the rebellious. On the statehood bill "Uncle Joe" can hardly be said to have "saved his face." In the matter of meat inspection, too, he had to come down from his high horse. Powerful as the speaker is, there is an entity or abstraction called "public opinion" that can and does spank him into submission reluctantly—if it is proper to reprimand one who wears so revered a beard. To tell the whole truth, in the recent session of congress, the senate, "with all its imperfections on its head," was more popular as it always was more intelligent than the house. A bitter fact to the house, which is the speaker. In spite of his faults and his language, "most everybody" likes Mr. Cannon, and he is wise enough to keep on good terms with the newspaper correspondents, who naturally like him, because he is a very human and fallible person. No matter how many bills he squeals and how many toes he treads on, the house does not mind; and why shouldn't he be nominated for president, as he was, to wild cheering, in the house two or three years ago? Too old? Then let us go into solemn consideration of Beveridge, of Indiana—"With the Procession." Everybody's Magazine for August.

Not Needed on Sawbath.

He was a solemn Scotchman with an equally solemn and somewhat downtrodden wife. The fact that they were receiving an excellent price for their "second pair front" from the American lodge did not blind them to their failings.

"Dear me, Mr. Macleod," said the lodge, one Sunday afternoon when an errand took her to the parlor, where the family sat, "I should think you and your wife would be staid sitting indoors this hot day with the windows shut. If you'd just open one and get some fresh air, I'm sure it would do Mrs. Macleod good; she looks pale."

Mr. Macleod looked at her with his usual stern and unbending gaze. "We can have fresh air any day," he said calmly. "We've no need to have it rushing about the house on the Sawbath."

A Priest, a Contraband Still, and a Plot.

A rich story of good Irish humor and character is Stella F. Wynne's "The Still of Ballywan." In the July McClure's, Good old Father O'Toole wasn't beyond making a little whiskey on the side when his parish duties permitted. "A lie, Tirrence, told to a revenue officer," says Father O'Toole, at the end of the story, "is music in the ears of God," and that remark is the keynote of the tale.

Once upon a time there was a pretty girl who was so pretty she had no friends.

ABOUT WATERWAYS AND THE SUBSIDY

**Cheap Transportation Offered
By Lakes and Rivers.**

**Sale of Old Models Will Be Made By
Patent Officer to Aid House
of Representatives.**

WASHINGTON POSTMEN WORK.

Washington, July 24.—One of the strangest features of the last session of congress was the troubled slumber of the ship subsidy bill, which, as the more modern example of Private John Allen's perennial bill for a public building at Tupelo, Miss., has been regularly introduced, disturbed and debated, and finally shelved for 10, these many years. The question of a subsidized merchant marine is a vexed one, which has not been classified by the statistics of vessel construction just issued by the department of commerce and labor. From these it seems that the tonnage of rigged vessels constructed during the past year was nearly 350,000—a total equal to nearly two dozen of the largest battleships in the world. The surprising part of it all is that practically the whole of this amount was covered by construction on the Great Lakes, which while it does not affect the ship subsidy situation, does show in a startling manner the demand which the country is making for a chance to take advantage of cheap water transportation. In Germany, for example, the canals and rivers carry a great part of the freight, and while this country is admirably equipped in the rough by nature for water transportation, it is only of late that the question has been brought up in its true light by the national rivers and harbors congress—an organization which is striving to show the fallacy of paying rail rates when a demand for the improvement of our waterways through increased federal appropriations would enable the shipper to move his goods at one-sixth of the present rates. With a six-foot channel in the Mississippi, says Representative Haugen, of Iowa, where can be shipped the whole length of the river for two cents a hundred weight. Facts like these indicate that the future cry for federal appropriations in connection with water transportation is to be not for subsidized fleets but for inland improvements.

Government Clerk.

The time for singing is come, and the wall of the government clerk is heard in the land. Because he gets a half holiday on Saturdays during the summer, while naturally drawing full pay, it is now ruled that he is to be docked for twice the amount of time he loses. Naturally he is sore, and the government seems to have put its foot into trouble again. Indeed, the fact—often adduced against federal and municipal ownership—that a government is a less successful bargainer than an individual or corporation, finds ample illustration here in Washington. The national government supplies half the business of the city, and in many classes of supplies it buys far more than all the city population combined. It is frequently pointed out, in explanation of the oft-repeated statement that Washington is one of the most expensive cities in the country in which to live, that this is due to the high level of prices maintained by the presence of the federal government as a large purchaser. Even at that, the private citizen fares better than the public department, for it is a well-understood fact that Washington dealers maintain a double scale of prices—one for individual customers and another at a considerably higher level where Uncle Sam foots his bills. The only thing, apparently, which the government purchases more cheaply than the ordinary business man is a personal service. It is so well understood that those who work for the government receive less than they could earn from private employers that every congressman occupies a large part of his time in advising young men and women among his constituents not to enter the federal service, as, for instance, did Jolu Wesley Gaines last winter.

Old Model Sale.

To those who find their hobby in the collection of odd examples of inventive genius, the cleaning out of the patent office next week will afford a rare chance of acquiring further specimens. Guardian Griggs, who for years has watched over the accumulating models, in which can be traced the advance of any line of inventive progress, is said, by Uncle Sam, having little sentiment for room-occupying relics, has given out that all models except those few reserved by a committee appointed for that purpose, must be disposed of by sale, gift or otherwise. Many are the curiosities new and old which will be raked up and passed on, while Mrs. Griggs stands by with more than fatherly care and solicitude. There are 157,000 models on hand at present, all arranged in chronological, or logical order, and altogether they form one of the most interesting exhibitions in the world. The first sewing machine, a queer looking contraption invented in 1851, is there, as are models of the first locomotive, the first cotton gin, and things too numerous to mention. There is a whole department devoted to the inventions of women, one of the most curious being a bustle made like a chair, so that the wearer might always have a seat with her when shopping. It is a ponderous affair, but Mr. Griggs, evidently a bit of a misanthrope, says women have worn worse than that. There is also a pocket sewing machine invented by a woman to be used when conversation lagged. It never lagged, so the machine had no sale. Of course the most cherished models will be retained, but among those which will go there will be many curiosities.

Postmen Must Work.

There is grief in the hearts of Washington postmen, for it looks as if there was to be no diminution of their labors during the summer. While congress is in session the city reaches the apex of its activities with as many as four mail deliveries each day. It has been the custom in the past, however, after congress has adjourned and left Washington to somnolence and heat, to reduce the deliveries to three, thus giving each postman a daily vacation of two hours. But this year it looks as if they would have to continue their arduous and heroic labor unabated and without the refreshing and welcome daily siesta, for the law says that carriers must work eight hours a day. As the omission of deliveries would shorten this time, it is pointed out that such a step would be illegal. Therefore, the semblance of activity is likely to continue in Washington through the summer.

Sale of One-Cent Stamps.

An odd effect produced on the sale of stamps by the season of the year has just been brought to light at the postoffice. It has been discovered that during the summer months the sale of one-cent stamps is increased enormously, and at last the reason has been found. It seems that the increased sales of the one-cent stamps are due to the fondness which women and children, absent on a vacation in the mountains or at the sea shore, have for sending home souvenir postal cards, which require only one cent postage. The odd part of the whole thing is that such souvenir cards can be bought in any of the large cities more cheaply than at summer resorts.

NOTABLE THEATRICAL SEASON

Charles Frohman Alone Produced Twenty-three Successful Plays.

Weighed by either the artistic or the box-office standard, the theatrical season just passed was notable. At one time no fewer than thirteen of the twenty-eight producing playhouses were crowded at every performance—an unprecedented record. On the other hand, the managers of travelling companies that never remain longer than a week in one place complained bitterly, except in those instances where the offerings had the prestige of former New York success to support them. Every year theater-goers depend more and more upon the metropolitan verdict; it is exceedingly difficult to persuade them to pay to see a performance about which they have heard nothing until it is ready to descend upon them.

There were fathers a-plenty in New York, overwhelming failures, especially toward the end of the season, but on the whole the profits were enormous. Charles Frohman, largest of producing managers, presented twenty-six new plays, of which only three failed. Never has he known so prosperous a year—"The Players." Everybody's Magazine for August.

The Cecil Rhodes of Canada.

"Who is the originator of this gigantic project for building a railroad nearly 4000 miles long through the heart of Canada, with its elaborate yet simple arrangement with the government, is not officially announced," writes Richard A. Haste in Technical World Magazine for July. "But it is understood that Charles M. Hays, general manager of the Grand Trunk Railway company and also president of the Grand Trunk Pacific railway, is the guilty party. At least he has been found with the goods in his possession, and the burden is on him to prove an alibi."

"Hays is an American—a Yankee, as they call him. He was born at Rock Island, Illinois, and as a boy got into the railroad business. He served in various capacities with the railroads of the west. He went from the Wabash to the Grand Trunk, where his personality and his methods soon turned that conservative institution upside down. The Grand Trunk had been run from London. When Hays took hold, it was run from Hays's office. The energy and consummate grasp of the situation that have been shown in the Grand Trunk Pacific project seem to spell Charles M. Hays."

Daily Thought.
"The greatest of all arts is that of keeping young."

"Uncle" Russell Sage is dead, and his passing causes not a ripple on the surface of human affairs. Even sensitive Wall street, with which he was so long associated, felt no quaking as he dropped his interests back into the common wealth and left the world as rich and no richer than when he accepted a job behind the counter in his brother's grocery store. Considering what has been told of our multimillionaires, and has not been denied, perhaps, the lack of disorder attending the death of the aged money lender may be a tribute to him. Perhaps, Russell Sage's holdings were too sound to be unsteady by his departure. "Russell Sage was a working man. He did nothing sensational, but on one or two occasions had sensations thrust upon him. So far as known he got his start in legitimate business and made the remainder playing the game in Wall street according to the rules. He never took a vacation. It is asserted, he did not steal any trust funds; if he ever gave away any vast sums to charity he did it in the scriptural way with such unvarying success that not even the suspicion of generosity has been attached to his name. His days were prolonged because no warrants for criminal conspiracy were sworn out against him. In every respect Russell Sage seems to have been an ordinary citizen with the money making instinct big within him. He accomplished no particular good in this world. Whether he accomplished harm will depend on the use his heirs make of his estate. In the meantime, let "Uncle Russell" rest. He has earned his vacation.

The band concert given in the court house yard last night by the grace of the county officers made patent several facts, not the least among which is the need of better lighting facilities in Vetter park. The county has gone to considerable expense in fixing up the court house yard, planting flowers, trimming trees cultivating the lawn and constructing walks. It is an oasis in the heart of the city and could be enjoyed these sultry nights by the downtown population if it were well lighted. It would not be amiss for the general council to place about four or five lights around the grounds, and the thoughtfulness would be appreciated. The evident enjoyment of the hundreds of people who thronged the walks showed how a large city park would be patronized by Paducahans. That band concert was a hit.

Over in England representatives of all the great nations of the earth are in session discussing plans for perpetuating a movement for the conservation of international peace, inaugurated by the czar of Russia. Before the session got under way the Russian representatives of its first

popular assembly, withdrew, because the body they represented has been dissolved by the emperor and they are needed at home to fight for liberty. There is a lesson in sequence the czar has yet to learn—liberty comes first, then peace.

Shells From Hampton Roads Fly Over to Willoughby Point.

Washington, July 24.—An extraordinary and almost unprecedented combination of weather conditions, making for the extreme flight of a projectile, is the explanation officially given by Col. Potts, late in command of the artillery post at Fortress Monroe for the agitation and excitement caused the inhabitants of the summer resort at Willoughby Point recently. The place is directly across Hampton Roads, from the fort and heretofore there had been much gun practice, but the inhabitants of the place had never known shells to drop into their resort as they did on that particular occasion. Col. Potts' report to the war department was that the day was absolutely calm and the water as smooth as a sheet of glass, so that when the projectile struck the surface at the end of the ordinary flight and should have disappeared beneath the waves the ricocheted as a small boy skips a stone over the water until it reached the beach.

Col. Potts says that there was no occasion for the alarm experienced because the projectiles were practically "spent," and moreover the shells were unloaded.

Pirate King's Skin \$5 Inch.
London, July 24.—The present market value of pirate king's skin is \$5 per square inch. This was the price given at Stevens' auction rooms, Covent Garden, for a square inch of the outer covering of a Danish rover whose career was cut short as the result of an act of sacrilege. The same piece of skin was sold in the same auction room eighteen months ago for \$15. "This Danish pirate king," the auctioneer declared, "was flayed alive for an act of sacrilege at the church at Haddock, in Essex. After his death strips of his skin were fastened to the door of the church."

Kokomo Girls Organize.
Kokomo, Ind., July 24.—Kokomo is on the eve of a social wave, declares certain prominent young ladies. Girls of certain sets have complained among themselves that the young men of their acquaintance had not been giving them desired attention, frequently going to other cities to spend Sunday. These young women, without any bluster about the matter, have determined to institute a boycott upon the offending young men who have sought to call when they failed to have a date at some other city.

Mr. William Graham, of South Fourth street, left today for a trip through West Tennessee.

The Cure of Headaches.

By Osteopathy.
"What bone would you pull to treat a headache?" asked a layman. Any bone that may be out of its correct position in the neck or back, as to bring its pressure upon the nerves which express the pain sense—that is, if the headache happens to be due to a bony slip; but of course it may not be at all. That is one frequent cause, but there are many others which are apt to be operative. A muscular contraction in the back in the neck, or over the head, may likewise cause headache. Indigestion, eye-strain, mental fatigue, a sluggish liver, constipation, kidney disease, and many other things are frequent causes of headache. Hence the cure of headache osteopathically is the cure of its cause or causes. To find the remedy these causes, having as they usually do an anatomical basis, requires special and thorough training, and that is why osteopathy exists as an independent school of medicine. Its practitioners are specialists. They cure headaches, as they do other diseases not by "pulling" a bone, unless a bone needs "pulling," but by finding the cause of each special headache and giving that cause whatever treatment is needed to cure it. So in a dozen different headaches none might be treated alike osteopathically, and yet ten or eleven of the dozen would likely be cured.

Osteopathy is probably doing more for suffering humanity than any recent discovery, and I should like for you to investigate its merits. I should be pleased to see all who may be interested in osteopathy at any time from 9 a. m. to 12 and 2 to 5 p. m.

Osteopathy is the same, rational treatment of illness and disorders. Dr. G. B. Proange, phone 1407, 516 Broadway.

AN UNFORTUNATE SLIP.

IN THE COURTS

Suit to Sell Property.
A suit was filed today in the circuit court by V. J. Purchase, administrator of the estate of J. J. Purchase, against Mary A. Purchase to sell property to settle a claim of \$762.65. The defendant is a lunatic in the asylum, and this form has been adopted before the sale can be legally made.

Paul Jones & Company, distillers, of Louisville, have filed suit through their attorney W. V. Eaton against James Lofton & Son of Mechanicsburg for an unpaid bill.

In Police Court.

Many idlers were in the court room this morning to get a glimpse of Cleo Anderson, the boy who shot John Mix, and to hear the evidence, but no warrant had been issued in the case and the matter was not brought up.

The case against Seiden Matlock, colored, for malicious striking, was continued until Thursday. C. J. Davis, a steamboat pilot who was drunk and disorderly and guilty of disgraceful actions, was fined \$30 and costs. "I want to teach you a lesson," the court remarked. "I hate to assess these big fines but when you have to pay them it will mean fewer appearances in my court, and I wish never to see you up here again."

Other cases: John Aisenbauch, Sam Logan, breach of the peace, continued; Butler Foudreau, drunk and disorderly, continued; Illinois Central Railroad company, breach of ordinance, left open; Charles McGill, Alie Morton, colored, \$25 and costs each for breach of peace; Mary Ross, breach of peace, continued; Jim Mason, colored, breach of peace, continued; Nellie Reed, colored, breach of peace, continued.

UNIQUE CARGO COMING.

Coffee Company Shows How to Make a Good Profit.

New Orleans, La., July 24.—The Lamport & Holt steamship Virgil is en route here with a cargo of 65,000 bags of Rio coffee, which is probably the most unique cargo ever brought to this port. Thirty thousand bags were shipped at 25 cents, to be discharged at Smyrna docks; 25,000 bags were shipped at 10 cents, to be discharged at the public wharves. The ship can lie partly at the Smyrna docks and partly at the public wharves and discharge both cargoes at the same time. The claim is made that the charges at the public wharves necessitate this difference, whereas it has been proven that the total cost at the public wharves does not amount to 5-8 of 1 per cent per 100.

Married by County Judge.

William Morgan, 55 years old, and Mary Ann Latham, 42 years old, of Mayfield, were this morning married by County Judge R. T. Lightfoot. It was the first marriage of her former and second of the latter.

Mrs. S. W. Hodge, and Miss Elsie Hodge are expected to return this week from a visit in Little Rock, Ark.

CHANGES IN I. C. PROMISED IN WEEK

New Officers to be Named by
First of August.

Railroad Property Near the Paducah
Depot Being Cleared Off for
Park.

NEWS OF SHOPS AND MEN.

Reports that appear to be founded on fact have reached the city from Chicago, in fact, the changes mentioned in the reorganization of the operating department of the Illinois Central appeared in the Chicago Tribune early last week. Mr. J. T. Harahan is in Europe. It has been stated that the reported changes were arranged before Mr. Harahan sailed and that the reorganization will be effective August 1, official circulars being expected. The following changes are looked for, according to the report:

Mr. I. G. Rawns, who has been general manager of the Illinois Central, will return to his former place with the B. & O. S. W., at the head of the operating department as vice-president and general manager.

Mr. H. McCourt, now general superintendent of lines in the south, with headquarters in Memphis, is to be made general manager to succeed Mr. Rawns.

Mr. F. B. Harriman, now general superintendent of the north and west lines, with headquarters in Chicago, is to succeed Mr. McCourt as general superintendent of the lines in the south at Memphis.

Mr. C. S. Keith, now superintendent of transportation at Chicago, is to succeed Mr. Harriman as general superintendent of the north and west lines at Chicago.

Mr. J. C. Dalley, now superintendent of the Chicago division at Chicago, is to succeed Mr. Keith as superintendent of transportation at Chicago.

Mr. F. S. James, superintendent of the Louisiana division, with headquarters in McComb City, Miss., is to succeed Mr. Dalley as superintendent of the Chicago division.

May Build a Park.

The entire tract of land owned by the Illinois Central railroad beginning at the Pool road, opening into Littleville and extending around to the south yards on the left, is being improved. It is not authoritatively stated what the improvement means, but it is rumored that the road will build a park there.

This morning a laborer with team and lawn mower began cutting weeds and removing debris from the property. He stated that he had received orders to clean the place up but did not know what it meant. The property is admirably situated for a park, and at one time the city board of park commissioners had this property in view for a city park. It is stated that they could not consider the matter because the Illinois Central was not inclined to part with it, reserving it for yard space which will be needed in the future.

Broken Cable Stops Work.

This morning a cable leading from the engine to the piling mill of the Illinois Central shops, broke and the mill was closed down half a day. It required this length of time to repair the break. By an ingenious arrangement the mill can be "cut off" from the machinery department and the break did not interfere with the operation of the other departments.

Master Mechanic R. J. Turnbull, of the Illinois Central, has returned from Chicago and is now in Louisville on business. He had been in Chicago attending the annual meeting of superintendents, roadmasters and master mechanics. Superintendent Egan and Roadmaster F. L. Thompson returned Sunday morning and went on through to Louisville.

Mr. G. J. Shephardson, third trick dispatcher for the Illinois Central, has returned from Chicago after taking his ten days' vacation and tonight Mr. W. L. Bennett first trick dispatcher, will leave for Cincinnati to take his vacation.

The N. C. & St. L. road has started repaving Almo park, thirty-five miles down the road in Calloway county and will make a first class park out of it. Teams started to work yesterday grading.

Mac D. Ferguson, of La Center passed through Paducah yesterday en route to Louisville, where a meeting of the board of railroad commissioners of which he is a member, will be held today.

Dr. E. H. Taylor, resident physician at the Illinois Central hospital, is absent from the city taking his annual vacation. He is in Canada and will be gone several weeks.

The evening train from the south over the N. C. & St. L. road was delayed last night by the blowing out of a cylinder six miles out of Paducah.

NO CORNS

Allowed on Feet of Gotham Policemen, Says Bingham.

New York, July 24.—Police Commissioner Bingham complained again today of what he charges are lax methods in the staff of medical examiners of the municipal civil service commissioners. His protest was called out by the condition of the feet of several of a batch of thirty applicants for positions on the police force, certified as qualified by the civil service commission. "That a policeman should have perfect feet is as necessary as that he should have serviceable hands," declared the commissioner, "and the feet of some of these men are awful. Corns, bunions, ingrowing toe-nails, big bunches of calloused skin, twisted joints and other disfigurements certain to disqualify them for efficient police duty are shockingly apparent." Commissioner Bingham was compelled to accept the men and swear them in because the law makes the civil service commission absolute in recommending candidates for appointment. But the commissioner will drop all of those with faulty feet at the conclusion of their probationary period. The law gives him this right, and he warned the corn and bunion growers that he would exercise it.

Sisters in Moderation.

Tommy is a lonely little boy who has no brothers or sisters. He is very fond of three little girls named Ethel, Maud and May. One evening his mother was listening to him say his prayers, and she was rather surprised to hear him add to his petitions: "Dear Lord, please send me an Ethel, a Maud and a May."

After he had finished his mother tried to explain to him that they were too poor to have a large family like that. Tommy listened attentively, and then without a word flopped down on his knees again and offered up this supplementary petition:

"Dear Lord; mother says we can't afford an Ethel and a Maud and a May, so don't send 'em in a bunch. Just send us an Ethel, and when we can afford the rest, I'll let you know."—August Lippincott's.

The West Kentucky Coal Co., and others vs. steamer Woolfolk and eight barges.

Whereas libels were filed in the district court of the United States for the western district of Kentucky, at Paducah, on the 21st and 22nd days of June, 1906, by the West Kentucky Coal company and Mississippi Valley Marine Railway and Dock company against the steamer Woolfolk and 8 barges, her engines, tackle, apparel and owners, alleging in substance that said steamer Woolfolk and barges were indebted to them in the sum aggregating \$2335.97 for fuel repairs, etc., and that same have never been paid, and prays process against said steamer Woolfolk and barges, and that same may be condemned and sold to pay said claims with costs and expenses.

Now, therefore, in pursuance to the motion under seal of said court, to me directed I do hereby give public notice to all persons claiming said steamer Woolfolk and barges, or in any way interested therein, that they may be and appear before the district court of the United States, in the city of Paducah, Ky. on or before the 6th day of August, 1906, at 10 o'clock a. m., of that day then and there to interpose their claims and to make their allegations in that behalf.

Ask Bandana and Cairo to Invest \$25,000 Each.

Paducah's Share of Expense Will Be \$50,000. According to Their Proposition.

WILL MAKE IT GO OR QUIT.

After months of obliquity the interurban road, from Cairo to Paducah, bobs up again. As far as the public is concerned the road was consigned to the "has been" records, but the promoters had been quietly working and have now consummated plans by which they hope to secure \$100,000 of the amount necessary to build the road.

In the Ballard County News' last week's issue, a proposition was printed. It came from the interurban road promoters and one of the requirements or requests of the officials was that \$25,000 be subscribed for bonds to make the road a go. Cairo will be asked for the same amount and Paducah for \$50,000.

Three weeks ago a meeting of the promoters of the road was held in Paducah and it was decided that this step should be taken. The necessary amount cannot be raised without the subscription of this stock. When it is subscribed the bonds will be issued and the financial difficulties will be done away with.

A member of the company stated this morning that Paducah people would doubtless subscribe this amount and that he thought Bandana and Cairo would likewise.

The promoters expect to settle the matter this summer once and for all. Their fight has been a hard one and it is likely to make it go or drop it for good.

THREE FACTS

For Sick Women To Consider

FIRST.—That almost every operation in our hospitals performed upon women becomes necessary through neglect of such symptoms as backache, irregular and painful periods, displacements of the female organs, pain in the side, burning sensation in the stomach, bearing-down pains, nervousness, dizziness and sleeplessness.

SECOND.—The medicine that holds the record for the largest number of absolute cures of female ill is Lydia E. Pinkham's Vegetable Compound. It regulates, strengthens and cures diseases of the female organism as nothing else can.

For thirty years it has been helping women to be strong, curing backache, nervousness, kidney troubles, inflammation of the female organs, weakness and displacements, regulating the periods perfectly and overcoming their pains. It has also proved itself invaluable in preparing women for childbirth and the change of life.

THIRD.—The great volume of unsolicited and grateful testimonials on file at the Pinkham Laboratory at Lynn, Mass., many of which are from time to time published by permission, give absolute evidence of the value of Lydia E. Pinkham's Vegetable Compound and Mrs. Pinkham's advice.

Mrs. Pinkham's Standing Invitation to Women.—Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham, at Lynn, Mass. All letters are received, opened, read and answered by women only. From symptoms given, your trouble may be located and the quickest and surest way of recovery advised. Mrs. Pinkham is daughter-in-law of Lydia E. Pinkham and for twenty-five years under her direction and since her decease she has been advising sick women free of charge. Out of the vast volume of experience in treating female ill Mrs. Pinkham probably has the very knowledge that will help your case. Surely, any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.

"Mouse," I said, "we'll just have a little trip together. The nurse that'd lose you deserve to worry till you're found. The mother that's lucky enough to own you will be benefited hereafter by a sharp scare on your account just now. Come on, sweet-heart!"

Oh, the feel of a baby in your arms. Here! It makes the Cruelly seem a perfectly unreal thing, a thing one should be unutterably ashamed of imagining, of accusing human nature of; a thing only an irredeemably vile thing could imagine. Just the weight of that little body riding like a bonny boat at anchor on your arm, just the cocky little way it sits up, chirping and confident; just the light touch of a bit of a hand on your collar; just that is enough to push down bristling walls; to destroy pictures of bruised and maimed children that endure after the injuries are healed; to scatter records that even I—Nancy Olden—can't believe and believe, too, that other women have carried their babies, as I did some other woman's baby, across the square.

On the other side I set her down. I didn't want to. I was greedy of every moment that I had her. But I wanted to get some change ready before climbing up the steps to the L station.

She clutched my dress as we stood there a minute in a perfectly irresistible way. I knew now why men marry baby-women; it's to feel that delicious, helpless clutch of weak fingers; the clutch of dependence, of trust, of appeal.

I looked down at her with that same silly adoration I've seen on Molly's face for her poor, lacking, twisted boy. At least, I did in the beginning. But gradually the expression of my face must have changed; for all at once I discovered what had been due to me.

My purse was gone.

Yes, Maggie Monahan, clean gone! My pocket had been as neatly picked as I myself—well, never mind, as what. I threw back my head and laughed aloud. Nancy Olden, the great doer-up, had been done up so cleverly, so surely, so prettily, that she hadn't had an inkling of it.

I wished I could get a glimpse of the clever girl that did it. A girl—of course, it was! Do you think any boy's fingers could do a job like that and not even know?

But I didn't stop to wish very long. Here was I with the thing I valued most in the world all clutched in my hand, and not a nickel to my name to get me, the paper, and the baby, on our way.

It was the baby, of course, that decided me. You can't be very enterprising when you're carrying a pink lump of awesomeness that's all a smile at the moment, but may get all a tear the next.

"It's you for the nearest police station, you young tough!" I said, squeezing her. "I can't take you home now and show you to Nag."

But she giggled and gurgled back at me, the abandoned thing, as though the police station was just the properest place for a young lady of her years.

It was not so very near, either, that station. My arm ached when I got there from carrying her, but my heart ached, too, to leave her. I told the matron how and where the little thing had picked me up. At first she wouldn't leave me, but—the fickle little thing—a glass of milk transferred all her smiles and wiles to the matron. Then we both went over her clothes to find a name or an initial or a laundry mark. But we found nothing. The matron offered me a glass of milk, too, but I was in a hurry to go home. She was a nice matron; an idea that I was just about to ask her for the loan of earlars when—

When I heard a voice, Maggie, in this office adjoining. I knew that voice all right, and I knew that I had to make a decision quick.

I did. I threw the whole thing into the lap of Fate. And when I opened the door and faced him I was smiling.

Oh, yes, it was Tausig.

CHAPTER XIV.
He started as though he couldn't believe his eyes when he saw me. "The Lord hath delivered mine enemy into my hand," shone in his evil little face.

"Why, Mr. Tausig," I cried, before he could get his breath. "How did it meet you here? Did you find a baby, too?"

"Did I find—?" He glared at me. "I find you; that's enough. Now—"

"But the luncheon was to be at 12:30," I laughed. "And I haven't changed my dress yet."

"You'll change it all right for something not so becoming if you don't shell out that paper."

"Paper?"

the eyes of the law." And? Oh, he was hopping! A German swearword burst from him. I don't know what it meant, but I can imagine. "Look here, I give you one more chance," he squeaked. "If you don't—"

"What'll you do?"

I was sure I had him. I was sure, from the very whisper in which he had spoken, that the last thing in the world he wanted was to have that agreement

made public by my arrest. But I tripped up on one thing. I didn't know there was a middle way for a man with money.

His manner changed.

"Nancy Olden," he said aloud now, "I charge you with stealing a valuable private paper of mine from my desk. Here, sergeant!"

I hadn't particularly noticed the sergeant standing at the other door with his back to us. But from the way he came at Tausig's call I knew he'd had a private talk with him, and I knew he'd found the middle way.

"This girl's taken a paper of mine. I want her searched," Tausig cried.

"Do you mean," I said, "that you'll sign your name to such a charge against me?"

He didn't answer. He had pulled the sergeant down and was whispering in his ear. I knew what that meant. It meant a special pull and a special way of doing things and—

"You'll do well, my girl, to give up Mr. Tausig's property to him," the sergeant said, stiffly.

"But what have I got that belongs to him?" I demanded.

He glared and shrugged his big shoulders.

"We've a way of finding out, you know, here. Give it up or—"

"But what does he say I've taken? What charge is there against me? Have you the right to search any woman who walks in here? And what in the world would I want a paper of Tausig's for?"

"You won't give it up then?" He tapped a bell.

A woman came in. I had a bad minute there, but it didn't last; it wasn't the matron I'd brought the baby to.

"You'll take this girl into the other room and search her thoroughly. The thing we're looking for—" The sergeant turned to Tausig.

"A small paper," he said, eagerly. "A contract—just a single sheet of legal paper it was, type-written and signed by myself and some other gentlemen, and folded twice."

The woman looked at me. She was a bit hard-mouthed, with iron-gray hair, but her eyes looked as though they'd seen a lot and learned not to flinch, though they still felt like it. I knew that kind of look—I'd seen it at the Cruelty.

"What an unpleasant job this of yours is," I said to her, smiling up at her for all the world as that like of a baby had smiled at me, and watching her melt just as I had. "I'll not make it a bit harder. This thing's all a mistake. Which way?"

"I'll come back, Mr. Tausig, to receive your apology, but you can hardly expect me to go to lunch after this."

He growled a wrathful, resenting mouthful. But he looked a bit puzzled just the same.

He looked more puzzled yet, even bewildered, when we came back into the main office a quarter of an hour later, the woman and I, and she reported that no paper of any kind had been found.

Me? Oh, I was sweet amiability personified with the woman and with the sergeant, who began to back water furiously. But with Tausig—

"What? You don't mean to say you're not on, Meg? Oh, dear, dear, it's well you had that beautiful wig of red hair that puts even Carter's in the shade; for you'd never have been a success in—"

In—other businesses I might name. Bamboozled the woman? Not a bit of it; you can't deceive women with mouths and eyes like that. It was just that I'd had a flash of genius in the minute I heard Tausig's voice, and in spite of my being so sure he wouldn't have me arrested I'd—Guesse, Meg, guess! There was only one way.

The baby, of course! In the moment I had—I wasn't long—I'd stooped down, pretending to kiss that cherub good-bye, and in a jiffy I'd pinned that precious paper with a safety pin to the baby's under petticoat, preferring that risk to—

Risk! I should say it was. And now it was up to Nancy to make good.

While Tausig insisted and explained and expostulated and at last walked out with the sergeant—giving me a queer last look that was half-angry, half-pleasing—I stood chatting sweetly with the woman who had searched me.

I didn't know just how far I might go with her. She knew the paper wasn't on me, and I could see she was disposed to believe I was as nice as she'd have liked me to be. But she had a lot of experience and she knew, as most women do even without experience, that if there's not always first where there is smoke, it's because somebody's been clever enough and quick enough to cover the trace.

(To Be Continued.)

"Well, good-by," I said, putting out my hand. "It's been disagreeable, but I'm obliged to you for—why, where's my purse? We must have left it!"

"Look here, I give you one more chance," he squeaked. "If you don't—"

"What'll you do?"

POPULAR SONGS.

"Waiting at the Church" Has Had Many Predecessors.

At the present time one of the most popular songs on the market comes from England, "Waiting at the Church" originally introduced in America by Vesta Victoria, has been as popular as anything that has come from the other side since the days of "Comrades," "Annie Rooney" and "Daddy Bell."

"About a dozen years ago the songs of Felix McGlennan, an English composer, had a great vogue here. Mr. McGlennan composed 'Comrades,' 'That's Love,' 'Her Golden Hair Hanging Down Her Back,' 'Oh, Uncle John,' 'Arrah, Go On Yer Only Foolin,' 'One Touch of Nature Makes the Whole World Kin,' 'The Ship I Love' etc. All of these songs had a great sale. Mr. McGlennan, who was a newspaper man, had the knack of being able to turn audiences in all the English speaking countries.

"Another English song that caught on here was 'I Wonder Where She Stays at Night.' It was a comic ditty, somewhat on the order of 'Waiting at the Church,' but was not so popular.

"Annie Rooney" had a tremendous sale in America, but, unfortunately, its composer, a music hall singer, failed to repeat, so to speak, with another equally clever song called 'I Whistle and Wait for Katie.'

"Daddy Wouldn't Buy Me a Bow Wow" and 'A Little Bit Off the Top,' songs that first saw the light in England, made hits here, but their sale was limited. 'Violeta' was on the shelf years before the public took it up. A strange thing about this song was that it got its first real introduction in America, and through an accident, too. An American singer in search of a song to suit his voice came across the ballad in an obscure music shop in London, it is said, and brought it to this country.

"Daisy Bell" received its home when the bicycle fad was at its height in America. The melody was of German origin and set to words by an Englishman.

"Albert Chevalier contributed toward the popularity of a number of English songs notably 'My Dear Old Dad' and 'Knocked 'Em in the Old Kent Road.' Both of these songs written and composed by himself, were whistled all over the country."

There's a blackbird in the marsh, Merrily singing he;

Oh, me! Oh, me!—it seemeth harsh— The blackbird's song to me.

O him gay barker of the marsh With caplets of red, Thy little song, it seemeth harsh— For my poor heart is dead!

May 10, 1905, I participated in the only raid ever made upon the Philadelphia headquarters of the Halght & Freese company's "Western and Southern Client." The raiding-chief was J. Hector McNeil, a member of the Philadelphia bar. His bludgeon was a decree of the United States court for the eastern district of Pennsylvania appointing him receiver for the incorporated thieves. His first assignment was his counsel, Edgar J. Pershing. It was my privilege to serve as second assistant with a rank equivalent to that of water-carrier. We descended upon the offices at 413-417 Walnut street about 11 o'clock in the morning. The trading-room was crowded with dupes and professional bucket-shop gamblers. Within his cage at the cashier, behind the order desk margin and order clerks were busy. Half a dozen telegraph instruments industriously tick-tacked in one corner. Betting was brisk. John A. Boardman, the local manager, was in his place. In the bookkeepers' department half a score of men were busy writing the books on the day's betting. Only George G. Turner was missing from the collection of robbers.

Into the street went the entire aggregation; not was ceremony used nor words banded in the sending of them. There is virtue in the decree of a United States court when, as in this instance, it is properly directed. Mr. Pershing leaped upon the order desk and wrenched loose the switch plugs of the telegraph instruments. A moment more and the tickers were disconnected. That done, we went through those offices like a cyclone through a Kansas corn-crisp. Merrill A. Teague in "Bucket-Shop Sharks," in Everybody's Magazine for August.

LAWSON AND THE "KILLER"

A Hit of Juvenile Autobiography by the Author of "Frenzied Finance."

In the course of his article on "The Muck-Raker," Thomas W. Lawson offers the following reminiscence:

"As a boy I remember standing in the public square with hundreds of older and wiser folks, timing the chills which hurried my spinal joints as a fierce-faced feller announced from a canopied booth the coming of The Killer—The Terrible Tigerish, Eat-em-up Killer. My childish mind debated the wisdom of harnessing discretion to my curiosity and speeding to a place of safety, and I can remember as though it were yesterday my indignant gasp of relief when the Killer was revealed as a new brand of soap, warranted to strangle bedbugs, massacre roaches, another lice on hens, and slaughter fleas on dogs.

"From that day in the now far-off wondrous world of childhood until President Roosevelt birthed his 'muck-raker,' names have had no terrors for my thus prematurely pickled credulity. From that day to this I have believed it a duty which every man owes in his wisdom to sterilize to couple a show-me-or-shut-up tag to every strange, running-wild name he captures in his mental naderhush."

The Reason.

There's a blackbird in the marsh, Merrily singing he;

Oh, me! Oh, me!—it seemeth harsh— The blackbird's song to me.

LENIENCY

SHOWN BY COURT TO FATHER OF SICK CHILDREN.

Shanty-boatman Fined and Released With Warning to Get Out of Paducah.

This morning in police court Judge E. H. Puryear made his first suspension of a judgment. William Morgan shot at another shanty-boat resident named Akup with a shot-gun. A family quarrel was the cause of the trouble and the evidence was against the fisherman. His little children are ill and his wife unable to care for them. Yesterday when the case was tried the defendant was recognized to appear this morning to hear the judgment. He appeared and Judge Puryear fined him 50 and costs for shooting in sudden heat and passion. "I want to say this, Morgan," the court stated, "I am going to suspend this judgment, the first one since I went into office, but it is not on your own, but the account of your children. I want you to leave Paducah and that at once, and don't you ever let me see you here again."

The records at the Fowler-Crumbaugh boat show that for the last five years the river here has had an average stage of 12 feet on July 24. The gauge registered a rise of 12.1 feet this morning, a rise of .4 in the last 24 hours. Same date last year the stage was 15.3 feet; 1904, 11.3 feet; 1905, 8.6 feet; 1902, 14.1 feet; 1901, 5.3 feet.

The John Hopkins arrived and departed from and for Evansville today.

The Dick Fowler left at 8 o'clock this morning with the regular passenger list swell by a pleasure party to Calo and return. No time was kept, but two men gave an unusual sprinting exhibition down the wharf to catch the Dick Fowler, but while records for hundred yard dashes doubtless were broken, the boat was not caught. They think Captain Newley "certainly has a mean disposition."

The Dunbar should arrive late tonight or early in the morning from Nashville and will leave Wednesday at noon on the return trip.

The City of Saltillo will arrive Wednesday night or Thursday morning on the return trip to St. Louis out of the Tennessee river.

Captain Brown is out of town, but

he will return today. He is visiting in Lexington, Tenn.

The Chattanooga arrived shortly after 8 o'clock this morning from the upper Tennessee river trade, to go on the ways for repairs. The Buttrick will get off Wednesday morning and the Chattanooga will be pulled out also Wednesday morning. Eleven bales of wool and 100 cases of medicine were among the freight brought by the Chattanooga, the wool for Mayfield and the medicine for St. Louis. The Chattanooga has been chartered by the Louisville and Evansville Packet company and will run between those two points during low water. Capt. Louis Peil is in command of the Chattanooga.

The Clyde arrived yesterday afternoon from the Tennessee river and left immediately for Joppa. The Buttrick will resume its regular trade if repairs are finished before the Dudley gets off the docks. A new wheel will be built for the Buttrick. If the river is too low for the Buttrick to run in the Cumberland river, the Dudley will relieve the Dunbar, which will go on the dry docks.

Official Forecasts.

The Mississippi from Chester to above Calo, not much change during the next 12 hours followed by a rising tendency.

GIRL HUNG ON.

Salem, Ill., Man Saved From Drowning at Saltillo.

To the rare presence of mind and the quick action of Miss Ella Haas, a St. Louis girl, who resides at 3429 Texas avenue, J. O. Webster, a young business man of Salem, Ill., owes his escape from probable drowning in the Tennessee river at Saltillo, Tenn., last Monday, when the steamer City of Saltillo of the St. Louis and Tennessee river packet line stopped at that landing. Miss Haas, Mr. Webster and others in a party of excursionists to Winterloo, Ala. went ashore while the boat hands were carrying freight on and off the boat. When they started to return to the vessel a storm was raging. Miss Haas had just reached the gangplank in safety when she heard a cry from the boat. She turned just in time to grab Mr. Webster as he tumbled headlong down the steep bank, after missing his footing on the gangplank.

The party spent several hours in Paducah.

Match Was Called Off.

The rifle and pistol match shoot between L. D. Potter and members of the Paducah Rifle and Target club, did not materialize Saturday, due to the fact that Mr. Potter was unexpectedly called from the city and did not return in time. The date of the shoot has not been set.

Will Enter Politics.

The executive council of the American Federation of Labor has decided to enter the field of politics and urges all members and friends of organized labor to work for the election to political offices of men known to be favorable to the cause of labor.

UNDER RUINS

WORKMEN ARE HURLED IN COLLAPSE OF BUILDING.

It Is Not Known How Many Are Dead But Several Bodies Have Been Recovered.

South Farmington, Mass., July 24.—At least eight and perhaps twice that number of masons, plumbers and Italian laborers were crushed to death in the sudden collapse of a three story building in process of construction on the main street, while ten others were dragged or dug out of the wreck, some seriously injured. At a late hour last night ten men were missing and a large force of laborers was at work on the ruins, searching for the dead.

When the accident happened there were between 35 and 40 men at work in the building.

Two or three loud explosions or cracks were heard in rapid succession and then the north side wall and about half of the front wall crashed through the basement burying the men.

The dead: Patrick Pendergast, Remo Marsch, Charles G. Bight, Joseph Drought, Frank Driscoll, Fred Hardy, James Walsh, unidentified laborer.

Smallest Engine in the World.

"Tiny Tim," as I have named this smallest of engines," writes T. H. Robinson in Technical World Magazine for July, "is made of gold and steel, and is so small that a common house-fly seems large in comparison. It fits easily into the smallest 22 short cartridge, balance wheel and all. It weighs just 4 grains complete, that is about the weight of a common match. It takes 120 such engines to weigh 1 ounce, and 1,920 to weigh 1 pound—3,840,000 engines equal 1 ton.

"The engine bed and stand are of gold. The shaft runs in hardened and ground steel bearings inserted in the gold bed. These bearings are counter-bored from the inside to form a self-oiling bearing. The fly-wheel has a steel center and arms, with a gold rim; and this part (the complete wheel) weighs 1 grain.

"The cylinder is of steel with octagonal base highly polished. The stroke is 1-32 of an inch; bore, 3-100 of an inch. 17 pieces are used in the construction of this engine.

"The feed is through the gold base, which is hollow. The speed of this engine is 6,000 revolutions per minute. When running 100 per second, no motion is visible to the eye, but it makes a note like the noise of a mosquito—caused by the vibrating piston-rod.

"The horse-power is 1-489,000 of one H. P. Compressed air is used to run these engines, and it may be of interest to note that the amount required to make the large engine hum can easily be borne on the eye-ball without winking."

Black Rust in Wheat.

Black rust appearing in spring wheat has caused some uneasiness, but experts say that the crop will not be injured. Much straw may result from the winter crop.

Some twenty years ago Palestine meant little to the majority of Jews. Now all is changing. Nearly every year fresh colonies have been established, till now they number more than thirty, and time is adding to their number and extent. One-third of Palestine proper is once again Jewish soil. So anxious are the

Jews to get possession again that they endeavor to purchase all that comes into the market.—The Rev. W. M. Christie in the British Weekly
